

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each and every international industry. Transporting industrial goods takes place each and every day on our hectic planet. Primarily innovated as industrial vehicles in the 1930s in the United States of America, lift trucks gained recognition following WWII in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these equipment spread globally.

In the year 1949, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Presently the company is simply known as TCM Corporation. Through the years, TCM forklifts have become a global leader in forklift manufacturing and have built a solid reputation with the business. TCM started building lift truck manufacturing locations outside of Japan during the 1980s and is currently engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures various models of industrial lift trucks with over 50 years of accumulated technology and expertise, making their products recognized and used all over the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading business.
