Rockwell Parts - The company of AxleTech International is a big supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to meet and exceed their clients' expectations for technology, delivery, quality and service. They believe in working in an atmosphere that encourages the highest integrity with empowered collaboration, together with a relentless pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively utilizing principals of ecological stewardship and safety in how they do business. The business has put various programs in place to be able to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with whatever questions or comments, as they are happy to promote and share this policy with a greater knowledge of their efforts. They are very devoted to improving and preserving the environment. AxleTech has an EHS program which not just protects the natural environment but which even actively protects their neighbors and employees too.

AxleTech specializes in the manufacture and designing of planetary axles used for both military and commercial applications, that could include anything from airport ground support to construction equipment. They take great pride in being an innovative drive-train solutions provider as well. AxleTech specifically designs axles to be able to meet specific application demands. They have over 1000 different axle specs within their current offering. With over 100+ years of history and experience, AxleTech proudly supplies the most complete solution for whichever of your axle needs. The company is well known in several commercial and military applications. They offer complete axle assemblies used for aftermarket replacement requirements, along with servicing axle needs for OE production. Their high mobility ISAS have added details which could be found in the "ISAS" product selection.
